

FREEDOM.PAY

Making Payments Smarter, Safer, and Simpler

The FreedomPay Commerce Platform hosts the largest collection of Point-of-Sale (POS), Property Management (PMS), and Enterprise Resource Planning (ERP) system integrations in the payments industry. We want you to join us.

As a partner-centric organization, we strive to provide the most advanced payment functionality to your system without the frustration associated with legacy payment gateways in the market. With full back-end processor support, PCI Validated Point-to-Point Encryption, EMV, Dynamic Currency Conversion (DCC), and other proprietary, industry-leading functionality, FreedomPay leads the market in innovative payment solutions.

Setting The Standard For Commerce

Payments technology has advanced rapidly over time — and so has FreedomPay. Today, we're the engine inside the world's ever expanding and interconnected ecosystem of commerce. Our solutions span from global hospitality enterprises to world renowned universities to fast-casual restaurants. That's because FreedomPay offers a complete, end-to-end commerce platform that helps our partners connect the world of commerce smartly, securely and seamlessly.

Why should you join the FreedomPay Partner Program?

Robust integration toolkit, enabling payment device and back-end processor agnosticism

FreeWay Commerce Connect (FCC), FreedomPay's proprietary POS middleware, is the most advanced payment middleware in the industry, providing full payment ecosystem functionality through a single interface, instantly enabling the power of FreedomPay's Commerce Platform at the Point-of-Sale.

Systems Integration Analyst assigned to every integrator

Unlike most payments providers, FreedomPay ensures a successful integration by assigning a Systems Integration Analyst to every integrating partner. While most providers only offer an API document, FreedomPay works with your technical teams from the initial solutions call to final certification. We want our partners to succeed, and our efficient and rapid integration and certification process allows you to begin earning revenue quicker.

Average 4-6 week timeline, including integration and certification

With the fastest integration timeline in the industry, the most innovative POS, ERP and PMS providers choose FreedomPay to instantly enable commerce and increase revenue opportunities. No more waiting 6-12 months for an integration.

Ongoing support and sales enablement by our dedicated Partner Team

Upon certification, FreedomPay's Partner Team ensures your sales team is fully trained and well-versed in all the benefits the FreedomPay Commerce Platform delivers. We provide a variety of sales enablement tools including; sales team training, quarterly newsletters, webinars highlighting the latest news and platform innovations, and co-branded sales collateral. FreedomPay is committed to delivering exceptional support to guarantee the highest level of success for our partners.

Changing The World Of Commerce

The FreedomPay platform was developed as a single platform to provide broad and deep solutions across industries, geographies and channels. By providing a platform for growth by addressing a particular need, we were able to expand functionalities across the entire breadth of the platform and enterprise ecosystem. This lifecycle of growth, innovation and adoption of platform capabilities allows enterprises to continually reap the rewards of an initial investment into the platform, with minimal reinvestment and operational overhead.
